My comments are regarding:

☒ Humbug Trail Maintenance Project ☒ Juniper Flat Development Project ☐ Klamath Patrol District Proposal

Comments:

Its wonderful to see the Klamath forest be so innovative in developing the juniper flat riding area. I support your Grant request for OHV Funds in this area.

I would like to suggest that the expansion of Juniper Flat plan to include access routes into and out of the surrounding areas. I am aware of sensitive nature of possible native American sites, this could be protected by only allowing users to ride on designated trails to avoid possible impacts on know sites. The cultural resources need to be identified and evaluated as to its sensitivity or not.
