April 1, 2012

Dear Lt. Knight and Others,

The presence of law enforcement on our local beaches is essential to ensure the safety of beach users, especially the families of young children who dig in the sand, are protected from conflicts with vehicle users who prefer to disregard the legal driving areas in favor of driving over dunes, which may be more fun but is also disruptive and damaging to wildlife and vegetation. It also imperils the safety and continued beach use by legal ORV users.

Lawful off-road vehicle use is safe and acceptable to beach users in Humboldt County but complete anarchy is not.

We support the presence of law enforcement on our beaches. We want the safety and peace of everyone who enjoys going to the beach.

Sincerely,

Barbara Kelly
