Mendocino National Forest

Dear Ms. Tune:

This letter of support for Grants # G13-02-10-G04, G13-02-10-R01, and G13-02-10-S01 is being submitted on behalf of the BlueRibbon Coalition, a national non-profit trail-based recreation group.

BRC has reviewed the proposals and believes they are appropriate based on the fact that the agency manages the largest destination Forest Service OHV area(s) in California. The camping/staging/green-sticker riding opportunity for casual use and permitted events is unmatched on Forest Service lands found elsewhere in the Western USA. The devastating 2012 Mill Fire continues to add extra import to the funding of these grants so that both trail and environmental restoration can occur for the benefit of the motorized and non-motorized trail opportunities found on the unit. BRC appreciates the Forest's utilization of OHV trail-dozer specialists to maintain and/or repair routes.

BRC strongly supports this grant and looks forward to working with you and other stakeholders to support OHV recreation on the Mendocino National Forest.

Best regards,

*Don*
