Dear Sirs and Madams,

We are writing this letter in support of grant request #G08-03-37-L03 submitted by the SB County Land Use Services Code Enforcement Division. Staging on private property in this region (without permission) along with destructive riding on private property has been an ongoing problem. The efforts made by Code Enforcement to educate riders along with the issuance of citations to repeat offenders are greatly appreciated.

Round Mountain Property Owners Association (RMPOA) is a coalition of residents and property owners in the region between Apple Valley and the San Bernardino National Forest. Our properties are admixed with Limited Use BLM lands intended to provide multiple-use recreational opportunities for the Victor Valley. The Juniper Sub-region includes an OHV open route network defined by WEMO and an ACEC created for protection of cultural resources.

Thank you for this opportunity to provide comment.

Sincerely,

Dean W. Greenwalt
Designated Representative
