Re: Support for Stewards of the Sequoia OHMVR Grant Request for 2015

To Whom It May Concern:

I write in strong support of the Stewards of the Sequoia's application for an Off-Highway Motor Vehicle Recreation (OHMVR) grant in order to assist the United States Forest Service and the United States Bureau of Land Management to maintain and improve the motorized trail system within California.

Since its formation in 2004, the Stewards of the Sequoia have worked tirelessly to maintain and improve trails on federal lands. Through its efforts, the Stewards of the Sequoia has managed over 2,500 miles of trail accessed by tens of thousands of people in my district each year. For its successes, often with little to no outside funding, the Stewards of the Sequoia remain a vital resource to our trails and are worthy of grant support.

I appreciate the opportunity to express my support for the Stewards of the Sequoia's application for an OHMVR grant, and respectfully request your careful consideration of this proposal. Thank you for your time and attention on this matter. Please do not hesitate to contact me if you have any questions.

Sincerely,
