Habitat Management Program (HMP)

FOR OFFICE USE ONLY: Version # _____ APP # 700562

PART 1 - ITEM 1. DETERMINE THE NEED FOR FULL FULL HABITAT MANAGEMENT PROGRAM (HMP)

All Applicants submitting Projects involving Ground Disturbing Activities are subject to HMP requirements. The HMP must cover the combined Project Area of all proposed Projects with Ground Disturbing Activities.

Applicants able to certify that none of the proposed activities listed in the Application in areas open to legal OHV Recreation contain any risk factors to special-status species and/or sensitive habitats shall submit only HMP Part 1. Applicants who cannot certify that the proposed activities listed in the Application in areas open to legal OHV Recreation do not contain any risk factors to special-status species and/or sensitive habitats shall submit HMP Parts 1 and 2.

1. Do any of your proposed projects involve Ground Disturbing Activities? (Please select Yes or No) Yes No

2. Can the Applicant certify that none of the proposed Projects with Ground Disturbing Activities in areas open to legal OHV Recreation contain any risk factors to special-status species and/or sensitive habitats? (If you checked 'Yes', you are done with HMP) (Please select Yes or No) Yes No

B. Public Comments

Red Legged Frog 6 comments received

Burden of the surveys should fall with the Fish and Wildlife Service

Glad we are doing surveys however they should have been in the initial travel management process, and a statement added to the grant that the trails will be added to the system

Before any trails can be considered the surveys need completed. All sign cost were removed from this grant.

Forest Wide Trails 4 comments received

ROD not signed, not sure what will be open and how much access will be open/lost

Plumas has not shown that it wants to help with present OHV riding, has restricted rather than expanded riding areas

Cannot guarantee that the trails will be added, but work needs completed first

Granite Basin 4 comments received

Generally supports the grant, does not support decommissioning of existing roads, before decommissioning the Forest should include any user in the planning and mitigate closures not sanctioned by the public

The Plumas is not trying to help the public, it just wants to restrict

Volunteer will be used as part of the public process.

Ground Operations 6 comments received

Cost appear to be excessive

No ROD signed for the summer routes

Equipment purchases seem to be excessive

No model and size of snowmobiles and motorcycles

Recreation Tech cost not explained

Due to Government purchases regulations make and model cannot be specified, 1 motorcycle is being purchased for each District, the electric motorcycle is being tested to see if it will work for forest conditions. The Plumas should not need any additional large equipment purchases in the future.

C. Application Development as a result of Public Comments

- a. Were changes made to the Application as a result of public comments? (Please select Yes No Yes or No)
- b. Describe how public comments affected the Application

Additional information was included in the each project types addressing the public comments.

Before any trails can be considered for inclusion surveys and restoration work will need to be completed. All sign cost were removed from the planning grant. Due to Government purchasing regulations make and model cannot be specified, 1 motorcycle is being purchased for each District, the electric motorcycle is being tested to see if it will work for forest conditions. The Plumas should not need any additional large equipment purchases in the future.

1. Applicant Certifications

A. General Conditions

- A. The Applicant hereby certifies, under the penalty of perjury, compliance with the following terms and conditions:
1. If the Project involves a Ground Disturbing Activity, the Applicant agrees to monitor the condition of soils and wildlife in the Project Area each year in order to determine whether the soil conservation standard adopted pursuant to Public Resource Code (PRC), Section 5090.35 and the HMP prepared pursuant to Section 5090.53(a) are being met.
 2. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the soil conservation standard adopted pursuant to PRC Section 5090.35 is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion, to repair and prevent accelerated erosion, until the same soil conservation standard adopted pursuant to PRC Section 5090.35 is met.
 3. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the HMP prepared pursuant to PRC Section 5090.53(a) is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion until the same HMP prepared pursuant to PRC Section 5090.53(a) is met.
 4. The Applicant agrees to enforce the registration of off-highway motor vehicles and the other provisions of Division 16.5 (commencing with Section 38000) of the Vehicle Code and to enforce the other applicable laws regarding the operation of off-highway motor vehicles.
 5. The Applicant agrees to cooperate with appropriate law enforcement entities to provide proper law enforcement at and around the Facility.
 6. The Applicant's Project is in accordance with local or federal plans and the strategic plan for OHV Recreation prepared by the OHMVR Division.

B. Programmatic Conditions

B. The Applicant must describe the following programmatic conditions:

1. Identify the potential for the facility to reduce illegal and unauthorized OHV Recreation activities in the surrounding areas:

The Plumas NF has actively prevented intrusions, into sensitive or closed areas by education, patrolling, signing and placing of barriers using native material such as rocks or logs. Trailheads in the immediate vicinity of these areas are also signed with appropriate information posted on information boards. (Signs are printed on re-cycled paper). Patrol personnel educate visitors and provide them with appropriate information on damage caused by entering such areas. Our signing and education programs have proven effective in that no intrusions into the Bucks Lake Wilderness.

2. Describe how the Applicant is meeting the operations and maintenance needs of any existing OHV Recreation Facility under its jurisdiction:

Currently the Plumas NF is waiting the the Regional Office review of the travel management record of decision which will designated all roads and trails available for OHV use. Once this is done a map to identify all roads and trails will be completed. All roads and trails are patrolled daily, any damage either due to user activity or weather are corrected, signs are repaired as needed. The Plumas is using more environmentally friendly products, which prolong the life and require less maintenance. The Plumas is now fully staff with Law Enforcement so now we have coverage by law enforcement, recreation tech's, and forest protection officers on a daily basis. Volunteers are also a key player in monitoring the roads and trails, they also help with maintenance.

C. Fee Collection

Describe how fees collected pursuant to Section 38230 of the Vehicle Code (in-lieu funds) are utilized and whether the fees complement the Applicant's proposed Project:

D. Compliance with PRC 5090.50(b)(1)(C)

Projects within the O&M category that affect lands identified as inventoried roadless areas by the U.S. Forest Service, are compliant with PRC 5090.50(b)(1)(C). (Please select Yes or No)
