

Sixto Fernandez, Grants Manager

California State Parks

Off Highway Motor Vehicle Recreational Decision

P.O. Box 942896

Sacramento CA 94296-0001

*March 11, 2015*

Dear Mr. Fernandez,

Please fully fund the 2014/2015 OHMVR Restoration Grant Application by the Center for Sierra Nevada Conservation.

We all know that the Forest Service is not able to adequately monitor and repair the forest damage caused by illegal OVR use. And it's very important to have the damage to Eldorado National Forest wildlife and plant habitats promptly noticed and quickly repaired.

The CSNC monitoring and restoration project fills the gap. I am asking that you fully fund their grant application.

Thank you for hearing me.

Sincerely,

Ruthie Loeffelbein
