

Match Requirement - Questions and Answers

QUESTIONS	ANSWERS
1. Can an applicant utilize costs associated with NEPA work, completed prior to approval of funds, as part of the 25% match for a project?	For any cost item to be considered an eligible project cost, whether it be match or grant funded, the cost item must occur within the project performance period. Therefore, costs associated with NEPA work performed prior to project approval would not be an eligible project cost.
