**California Department of Parks and Recreation  
Off-Highway Motor Vehicle Recreation Division  
Oso Flaco Culvert Replacement**

**Lead Agency:** California Department of Parks and Recreation (CDPR), Off-Highway Motor Vehicle Recreation (OHMVR) Division

**Project Description:** The OHMVR Division evaluated the potential environmental effects of installing two permanent culverts under the Oso Flaco Lake causeway at the Oceano Dunes State Vehicular Recreation Area (SVRA). The proposed project would remove and replace the two existing culverts transecting the Oso Flaco Lake Road causeway. The work involves excavating the width of a 20-foot long section of the causeway to remove the culverts and install two 30-foot long, 48-inch diameter culverts beneath the causeway roadbed. Once installed, the excavated area would be backfilled with new base material, approximately 104 cubic yards of crushed red rock. Total disturbance area is 0.002 acres.

**Project Location:** Oceano Dunes SVRA, Oceano, CA

**Review Period:** The public comment period begins on September 1, 2017, and ends on October 2, 2017, at 5 p.m. No public meeting will be held.
