

2025 (G25) Grants and Cooperative Agreements Program Lake County Sheriff's Office's Preliminary Application Comments

Comments submitted by the Department of Parks and Recreation (Department) Off-Highway Motor Vehicle Recreation (OHMVR) Division to individual Grant Applicants should in no way be construed as a guarantee of successful results for the Applicant within the competitive Grants process or a commitment of funding. Additionally, the lack of comments by the OHMVR Division to any specific Applicant does not ensure successful results for the Applicant within the competitive Grant process or a commitment of funding.

Failure by the Applicant to respond to any OHMVR Division comment of their preliminary Application may be cause for eliminating that item from the Applicant's final Application.

All final Applications will be reviewed by the OHMVR Division. The OHMVR Division may, at its sole discretion, decrease the requested amount and eliminate activities pursuant with regulation Section 4970.07.2 (f)(1-5) and for Law Enforcement Projects, regulation Section 4970.15.3(b)(1-5).

Law Enforcement: G25-03-64-L01

Need Assessment

- Item #3 – Applicant must estimate the number of shifts per officer during the Project Performance Period.

Needs Enforcement Certification

- #1 – Applicant is reminded that Project funds can only be used for OHV patrol with an OHV nexus (i.e., littering, dumping, and reckless shooting are not eligible Project activities).

Project Cost Estimate

- Materials / Supplies #2-3 & 4-8 – Line items are Equipment Use Expenses. Applicant must move the line item to the correct category.
- Material / Supplies #7 "Jeep (Maintenance)" – Applicant must clarify if Equipment was purchased with Grants funds as Program regulations only allow for maintenance of Grant funded Equipment.
- Equipment Purchases #1 "Dual Sport Motorcycle" – Applicant already has 7 motorcycles purchased under the OHV Grant program. Extra justification is needed for additional Equipment needs. Applicant must identify what percentage of use Equipment will be used for this Project and adjust the line-item cost accordingly to reflect that percentage of use.
