Subarticle 1. Environmental Requirements

4970.06.1. California Environmental Quality Act (CEQA) and National Environmental Policy Act (NEPA) Requirements.

- (b) When a Project request is funding both CEQA and/or NEPA requirements and actual Project Deliverables, the Project shall be undertaken and funded in two phases as follows:
 - (1) The first Project phase funds the CEQA and/or NEPA activities, and
 - (2) The second Project phase will fund the Deliverables, as approved and conditioned by the outcome of the CEQA and/or NEPA document, once the CEQA and/or NEPA conclusions result in a decision to proceed with the Project Deliverables and the OHMVR Division gives prior approval.
 - (3) Other than CEQA and NEPA activities, no Project Deliverables will be funded until a CEQA review has been completed for the entire Project.
- (c) For city, county, District, state agency, Educational Institution, California Native American Tribes, certified community conservation corps, and Nonprofit organization Applicants only:
 - (1) All city, county, District, State Agency, Educational Institution, State Recognized Native American Tribes, certified community conservation corps, and Nonprofit organization Applicants shall provide the required documentation for the OHMVR Division to determine that CEQA compliance has been met for each Project. CEQA compliance shall be determined by submitting one of the following for each Project:

A subsequent ERDS shall be prepared prior to OHMVR Division approval of the second Project phase if a Notice of Determination (NOD) has not been filed at that time, or

 - (D) An Environmental Impact Report (EIR) if the proposed activity poses a potentially significant impact as defined in an IS/ND checklist, or meets any of the tests for mandatory findings of significance under CEQA (PRC Section 21083; CEQA Guidelines Section 15065), together with a copy of the NOD filed for the Project, or
 - (E) Other documentation indicating the requirements of CEQA have been satisfied or the reasons the Applicant believes the Project is

- categorically exempt or not subject to the CEQA review (CEQA Guidelines Sections 15061(b)(3) or 15378).
- (2) Within 45 calendar days of the final Application submission, the OHMVR Division shall review the Application for environmental compliance.
 - (A) If the OHMVR Division needs to clarify information provided pursuant to subdivision (c)(1), the OHMVR Division shall submit in writing a request for such information from the Applicant. The OHMVR Division shall request the Applicant provide the additional information in writing to the OHMVR Division within twenty (20) calendar days of receipt of the request.

 - (A) Within 45 calendar days of the final Application submission, the OHMVR Division shall review all Projects to determine what additional documentation or information is required for the OHMVR Division to complete the requirements for CEQA, with an assessment of the amount of further CEQA analysis and compliance that may be required. The OHMVR Division cannot commit to completing the added CEQA work needed if the time and resources required exceed the time and resources available to complete the Application selection process.
 - 1. If the OHMVR Division determines that it cannot complete the necessary additional CEQA work, it reserves the right to inform the Applicant in writing and return the Application and supporting materials.
 - 2. If the OHMVR Division determines that additional information is required for the Project to comply with CEQA and that such work may be completed with existing resources and within the timeframe for the Application process, it will request such additional documentation from the Applicant be returned within twenty (20) calendar days of the written request.
 - 3. Applicants who do not return the requested additional information within the twenty (20) day time limit may have their Applications returned without further processing.
 - 4. For those Applications that are accepted for further CEQA compliance, the OHMVR Division shall use its best efforts to cause the CEQA compliance work to be completed.

In addition, all Project types, except law enforcement, shall answer Project-specific criteria found in the Appendix, incorporated by reference.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5024.1, 5090.32 and 5090.50, Public Resources Code.

4970.14.1. General Criteria.

- (a) If general criteria are required as part of the Application, only one (1) set shall be completed. General criteria measure the quality of the Land Manager's overall OHV program. The Applicants shall answer these questions with respect to the entirety of the OHV operation, including all trails and areas available for OHV Recreation, not just specific Projects or Project Areas.

- (c) Non-land manager Applicants required to complete the general criteria shall cooperate with the Land Manager(s) to obtain the information necessary to complete the general criteria section of the Application.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5024.1, 5090.32 and 5090.50, Public Resources Code.

4970.14.2. Project-Specific Criteria.

Applicants shall complete Project-specific criteria for each Project, except law enforcement Projects, contained within the Application. Each Project within the Application will be given a score based on the specific benefits of the individual Project. The responses in the Project-specific criteria section of the Application shall be specific to the particular Project proposed for funding.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5024.1, 5090.32 and 5090.50, Public Resources Code.

4970.14.3. Factual Documentation.

points accordingly, or reject the Project Application. If points are reduced or the Application is rejected, the Application evaluation panel will cite the documents used to support its actions.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5024.1, 5090.32 and 5090.50, Public Resources Code.

- (b) An Application evaluation panel of not less than three (3) individuals shall score each Application deemed compliant with these regulations. The Application evaluation panel shall use the Applicant's responses to general criteria and Project-specific criteria to determine a Project score. The steps for determining the final score are as follows (refer to Table 4 for an example):
 - (1) Calculate the sum of the points received on the general criteria and the points received on the Project-specific criteria. Divide that number by the sum of the total possible points for the general criteria and the total possible points for the Project specific criteria, and
 - (2) Convert the result of the calculation to a percentage which is the final score.

Table 4 - Example of Score Calculation for GO Projects

Final Score = Actual Score/ Possible Score	
General Criteria	90 of 120
Project-specific Criteria	52 of 55
$(90 + 52) / (120 + 55) = 0.8114$	
$0.8114 \times 100 = 81.14\% = \text{Final Score}$	

- (c) Eligible Projects shall be ranked by score. Projects shall be funded in order of score from highest to lowest until available funds are exhausted, taking into account the Project type funding restrictions in Section 4970.15.1(a). If there are not sufficient funding requests to consume the percentages specified in Section 4970.15.1(a)(1-4), the other O&M sub-category Projects shall receive funding in order of score.
- (d) In the event Projects have the same score, Projects will be funded in the order of request amount starting with the smallest request amount. If more than one

- Project has the same request amount, the OHMVR Division will utilize a "random selection" method to break ties and determine which Project will receive funding.
- (e) Projects at the funding cut-off line may require modifications to the Project Description and Project Cost Estimate to reflect reduced available funding. The modification shall be completed prior to the OHMVR Division preparing and executing the Project Agreement.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.15.2. Restoration.

- (a) An Application evaluation panel of not less than three (3) individuals shall score Applications deemed compliant with these regulations. The Application evaluation panel shall use the Applicant's responses to general criteria and Project-specific criteria to determine a Project score. The steps for determining the final score are as follows (refer to Table 5 for an example):
- (1) Calculate the sum of the points received on the general criteria and the points received on the Project-specific criteria. Divide that number by the sum of the total possible points for the general criteria and the total possible points for the Project specific criteria, and
 - (2) Convert the result of the calculation to a percentage which is the final score.

Table 5 - Example of Score Calculation for Restoration Projects

Final Score = Actual Score/ Possible Score	
General Criteria	90 of 120
Project-specific Criteria	78 of 83
$(90 + 78) / (120 + 83) = 0.8276$	
$0.8276 \times 100 = 82.76\% = \text{Final Score}$	

- (b) Eligible Projects shall be ranked by score. Projects shall be funded in order of score from highest to lowest until available funds are exhausted.
- (c) In the event Projects have the same score, Projects will be funded in the order of request amount starting with the smallest request amount. If more than one Project has the same request amount, the OHMVR Division will utilize a "random selection" method to break ties and determine which Project will receive funding.
- (d) Projects at the funding cut-off line may require modifications to the Project Description and Project Cost Estimate to reflect reduced available funding. The modification shall be completed prior to the OHMVR Division preparing and executing the Project Agreement.
- (e) The OHMVR Division will consult with staff from the Wildlife Conservation Board during the evaluation and scoring process.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.15.3. Law Enforcement.

- (a) Law enforcement Grants funding shall be distributed in the following entity categories:
 - (1) Forty percent (40%) for local law enforcement,
 - (2) Thirty percent (30%) for U.S. Bureau of Land Management, and
 - (3) Thirty percent (30%) for Patrol Districts of the U.S. Forest Service.
- (b) Law enforcement Projects are awarded on a non-competitive basis. The relative need of an Applicant is established by the Project request amount identified on the Project Cost Estimate and the Applicant's responses to the Law Enforcement Needs Assessment. The OHMVR Division shall review the Project request amounts and may, at its sole discretion, increase or decrease the requested amount based on the following conditions:
 - (1) Failure to follow program regulations,
 - (2) The Applicant has remaining funds from previous OHV law enforcement Grants,
 - (3) Comparisons with similar jurisdictions,
 - (4) Law Enforcement Needs Assessment, and
 - (5) Applicant's historical law enforcement Grant request amounts.
- (c) All compliant law enforcement Applicants will receive base funding in the amount of \$10,000 per Application. The remaining funds in each entity category will be distributed on a proportional basis. The proportional funding is determined by dividing the total funding available within the entity category (less base funding) by the OHMVR Division recommended amounts within each entity category (less base funding). The resulting percentage is applied to the individual Project request amounts (less base funding) to determine the additional award amount. The total of the base award and additional award, if applicable, is the final Project award amount.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.15.4. Education and Safety.

- (a) An Application evaluation panel of not less than three (3) individuals shall score each Application deemed compliant with these regulations. The Application evaluation panel shall use the Applicant's responses to the Project-specific criteria to determine a Project score.
- (b) Eligible Projects shall be ranked by score. Projects shall be funded in order of score from highest to lowest until available funds are exhausted.
- (c) In the event Projects have the same score, Projects will be funded in the order of request amount starting with the smallest request amount. If more than one Project has the same request amount, the OHMVR Division will utilize a "random selection" method to break ties and determine which Project will receive funding.

- (d) Projects at the funding cut-off line may require modifications to the Project Description and Project Cost Estimate to reflect reduced available funding. The modification shall be completed prior to the OHMVR Division preparing and executing the Project Agreement.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.
