(b) Applications shall establish how each proposed Project is directly related to OHV Recreation in the Project Area specified in the Application. Proposed Projects will be screened by the OHMVR Division prior to scoring. Those Applications that do not establish a direct relation to OHV Recreation shall be rejected.
Subject to the discretion of the OHMVR Division as specified in Section 4970.07.2, any Application determined by the OHMVR Division to be non-compliant with these requirements may be disqualified.

Each Applicant may submit only one (1) Application for each Grants Cycle. The Application may contain multiple Projects.

The notice shall include instructions for accessing the Division Website for Application review and public comments. Public notification efforts shall include at least one of the following:
   (A) Notice mailed and/or emailed to those persons the Applicant determines most likely to have an interest in or be affected by the Application, and to those who have requested notice,
   (B) Publication on Applicant’s website,
   (C) Publication in local newspaper,
   (D) News release,
   (E) Public meeting or hearing conducted by the Applicant.

3. Public comments shall be submitted to the Applicant and the OHMVR Division.

4. Public comments shall be submitted no later than the first Monday in April.

All Applicants shall provide matching funds or the equivalent value of services, or material, in an amount not less than twenty-five percent (25%) of the total Project cost as identified on the Project Cost Estimate (rev.1/11).

1. All items of expense applied towards matching funds shall be applicable to the Project and shall be documented the same as any other item of expense.

2. The same match expenses shall not be duplicated for multiple Projects.

3. Cash value for volunteer time shall be determined using the agency’s hourly reimbursement rate for the paid classification that most closely matches the duties performed by the volunteer. Cash value for salaried employee time shall be based on the agency’s hourly reimbursement rate for the classification.

4. Any item of expense that would be eligible as a Project cost is also eligible as a match.

All Applicants shall provide a Project Cost Estimate (see Appendix) for each requested Project.

All Applicants shall complete an inventory of Equipment for items purchased with OHV Trust Funds within the last five years.

All Applicants except those applying solely for law enforcement shall complete the Applicant Certifications.

Additional requirements within the Appendix, incorporated by reference, shall be completed as applicable.
(k) Nonprofit organizations shall provide documentation, in the form of an Internal Revenue Service (IRS) letter of determination or publication on the official IRS website, verifying current IRC, Section 501(c)(3) status.

(l) Educational Institutions and Nonprofit organizations applying for a Grant involving activities on any public lands shall include written permission from the Land Manager authorizing the Applicant to conduct the proposed Project and a description of how the Project fits with the land management goals of the area.

1. The written permission must be on Land Manager’s letterhead and signed by the authorized representative of the Land Manager.
2. The written permission shall contain a current signature and date.
3. The written permission must specifically identify the proposed Project(s) and a description of how the Project(s) fits with the land management goals of the area.

(n) All Applicants shall comply with the environmental application requirements contained in Section 4970.06.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.

Subarticle 1. ENVIRONMENTAL REQUIREMENTS

4970.06.1. California Environmental Quality Act (CEQA) Requirements

(a) The OHMVR Division is required to comply with CEQA before approving each Grant.

(b) When a Project request is for funding both CEQA and/or NEPA requirements and actual Project Deliverables, the Project shall be undertaken and funded in two phases as follows:

1. The first phase funds the CEQA and/or NEPA activities, and
2. The second phase will fund the deliverables, as approved and conditioned by the outcome of the CEQA and/or NEPA document, once the CEQA and/or NEPA conclusions result in a decision to proceed with the Project Deliverables and the Division gives approval.

(c) For city, county, District, State Agency, Educational Institution, and Nonprofit organization Applicants only:

1. All city, county, District, State Agency, Educational Institution and Nonprofit organization Applicants shall provide the required documentation for the OHMVR Division to determine that CEQA compliance has been met for each Project. CEQA compliance shall be determined by submitting one of the following for each Project:

   (A) An Environmental Review Data Sheet (ERDS) documenting the Project is phased pursuant to 4970.06.1(b). A subsequent ERDS shall be prepared prior to Division approval of the second Project phase if a Notice of Determination (NOD) has not been filed at that time, or
   (B) A Notice of Exemption (NOE) finding that the Project is exempt from CEQA that has been filed for the Project consistent with CEQA

Grants and Cooperative Agreements Program Regulations (Rev. 12/11)
Guidelines Section 15062, together with responses to questions required in the ERDS, or

(C) An Initial Study/Negative Declaration (IS/ND) or an Initial Study/Mitigated Negative Declaration (IS/MND) for activities that are not categorically exempt, but fit within the definition of activities that may be covered by a Negative Declaration (ND) under CEQA, together with a copy of the NOD filed for the Project, or

(D) An Environmental Impact Report (EIR) if the proposed activity poses a potentially significant impact as defined in an IS/ND checklist, or meets any of the tests for mandatory findings of significance under CEQA (PRC Section 21083; CEQA Guidelines Section 15065), together with a copy of the NOD filed for the Project, or

(E) Other documentation indicating the requirements of CEQA have been satisfied or the reasons the Applicant believes the Project is categorically exempt or not subject to the CEQA review (CEQA Guidelines Sections 15061(b)(3) or 15378).

(2) Within 45 calendar days of the final Application submission, the OHMVR Division shall review the Application for environmental compliance.

(A) If the OHMVR Division needs to clarify information provided pursuant to 4970.06(c)(1), the OHMVR Division shall submit in writing a request for such information from the Applicant. The OHMVR Division shall request the Applicant provide the additional information in writing to the OHMVR Division within ten (10) calendar days of receipt of the request.

(B) Applicants that do not return the requested additional information within the ten (10) calendar day limit may have their Applications returned without further processing.

(3) Notwithstanding 4970.06.1(b)(1), where the Applicant is not a lead agency and CEQA compliance has not otherwise been met, the Applicant shall provide responses to questions required in the ERDS for each Project, and shall also provide adequate information to the OHMVR Division to make a sufficient Project review to determine the appropriate level of CEQA compliance and any additional environmental documentation required.

(A) Within 45 calendar days of the final Application submission, the OHMVR Division shall review all Projects to determine what additional documentation or information is required for the OHMVR Division to complete the requirements for CEQA, with an assessment of the amount of further CEQA analysis and compliance that may be required. The OHMVR Division cannot commit to completing the added CEQA work needed if the time and resources required exceed the time and resources available to complete the Application selection process.

(B) If the OHMVR Division determines that it cannot complete the necessary additional CEQA work, it reserves the right to inform the Applicant in writing and return the Application and supporting materials.
If the OHMVR Division determines that additional information is required for the Project to comply with CEQA and that such work may be completed with existing resources and within the timeframe for the Application process, it will request such additional documentation from the Applicant be returned within ten (10) calendar days of the written request.

(1) Applicants who do not return the requested additional information within the ten (10) day time limit may have their Applications returned without further processing.

(2) For those Applications that are accepted for further CEQA compliance, the OHMVR Division shall use its best efforts to cause the CEQA compliance work to be completed. However, the OHMVR Division cannot guarantee the Project will be certified as CEQA compliant. Also, the OHMVR Division reserves the right to cease CEQA compliance work if it determines the Project may not be funded in light of the Project evaluation and scoring process and submission of the Project to the OHMVR Division for review and approval.

(d) For federal agencies or Federally Recognized Native American Tribe Applicants only:

(1) All federal agencies and Federally Recognized Native American Tribe Applicants shall submit an analysis of the environmental impacts of the proposed Project comparable with the requirements of CEQA.

(A) This analysis may be in the form of completed Project-related NEPA compliance documentation for each Project or other comparable documentation prepared by the Applicant. If documentation covers a larger project, the Applicant should reference sections of the document that specifically address the proposed Project. In addition, the Applicant shall submit responses to the ERDS for each Project to allow the OHMVR Division to make a sufficient Project review to determine the appropriate level of CEQA compliance and any additional environmental documentation required from the Applicant to conform the Applicant’s environmental analysis to CEQA.

(B) If the Applicant is requesting funding for NEPA or other comparable document preparation per Section 4970.06.1(b) prior to implementing the remaining Project Deliverables, the Applicant shall submit an ERDS documenting the Project is phased pursuant to 4970.06.1(b). A subsequent ERDS shall be prepared prior to OHMVR Division approval of the second Project phase if a NOD has not been filed, by the OHMVR Division or other CEQA lead agency, at that time.

(2) Within 45 calendar days of the final Application submission, the OHMVR Division shall review all Projects to determine what additional documentation or information is required for the OHMVR Division to complete the requirements for CEQA, with an assessment of the amount of further CEQA analysis and compliance that may be required. The OHMVR Division cannot commit to completing the added CEQA work.
needed if the time and resources required exceed the time and resources available to complete the Application selection process.

(A) If the OHMVR Division determines that it cannot complete the necessary additional CEQA work, it reserves the right to inform the Applicant in writing and return the Application and supporting materials.

(B) If the OHMVR Division determines that additional information is required for the Project to comply with CEQA and such work may be completed with existing resources and within the timeframe for the Application process, it will request such additional documentation from the Applicant be returned within ten (10) calendar days of the written request.

(C) Applicants who do not return the requested additional information within the ten (10) day time limit may have their Applications returned without further processing.

(D) For those Applications that are accepted for further CEQA compliance, the OHMVR Division will use its best efforts to cause the CEQA compliance work to be completed. However, the OHMVR Division cannot guarantee the Project will be certified as CEQA compliant. ARTICLE 3 – APPLICATION EVALUATION SYSTEM AND FUNDING

4970.14. EVALUATION CRITERIA

Each Application, other than those solely for law enforcement and/or Education and safety, shall answer general criteria found in the Appendix, incorporated by reference. In addition, all Project types, except law enforcement, shall have Project-specific criteria.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5024.1, 5090.32, and 5090.50, Public Resources Code.

4970.14.1. General Criteria

(a) If general criteria are required as part of the Application, only one (1) set shall be completed. General criteria measure the quality of the Land Manager’s overall OHV program. The Applicants shall answer these questions with respect to the entirety of the OHV operation, including all trails and areas available for OHV Recreation, not just specific Projects or Project Areas.

(b) General criteria includes but are not limited to the following:

(1) OHV Opportunity and services provided,

(2) Agency contribution to the overall cost of managing and delivering the OHV Opportunity,

(3) Management of natural and Cultural Resources,

(4) Effective education of rules/regulations, and

(5) Past performance in completing and administering Grant funded Projects.

(c) Non-land manager Applicants required to complete the general criteria shall cooperate with the Land Manager(s) to obtain the information necessary to complete the general criteria section of the Application.
4970.14.2 Project-Specific Criteria
Applicants shall complete Project-specific criteria for each Project, except law
enforcement Projects, contained within the Application. Each Project within the
Application will be given a score based on the specific benefits of the individual Project.
The responses in the Project-specific criteria section of the Application shall be specific
to the particular Project proposed for funding.

4970.14.3 Factual Documentation
(a) The responses shall be based on and reference factual conditions or statistics
documented by information contained in documents officially published, maintained, and/or used in the ordinary course of the Applicant’s operations.
Published, for purposes of this requirement, means issued in report or other form
officially prepared, maintained, and/or used in the ordinary course of the
Applicants’ administration of its programs. Examples of factual documentation
include, without limitation, management reports, general or management plans,
environmental documents, visitor counts, or other documentation the Applicant
has officially adopted for use in its operations.
(b) Members of the evaluation panel may investigate referenced documents or other
documents on file at the OHMVR Division to check the accuracy of the
information provided. If the evaluation panel concludes the information provided
is incorrect or the conclusions stated are not supported, the panel shall use its
discretion to clarify the response, reduce the points accordingly, or reject the
Project Application. If points are reduced or the Application is rejected, the panel
will cite the documents used to support its actions.

4970.15. FUNDING DISTRIBUTION
Funds appropriated by the Legislature for the Grants program are identified in PRC
Section 5090.50 as the following percentages:
(a) Fifty percent (50%) for O&M,
(b) Twenty-five percent (25%) for Restoration,
(c) Twenty percent (20%) for Law Enforcement, and
(d) Five percent (5%) for Education and Safety.

4970.15.1 Operation and Maintenance (O&M)
(a) Within the O&M category, the funds shall be distributed as follows, except as provided in Sections 4970.15.1(c):
   (1) At least seventy percent (70%) for GO,
   (2) Up to ten percent (10%) for Development,
   (3) Up to ten percent (10%) for planning, and
   (4) Up to ten percent (10%) for acquisition.

(b) A panel of not less than three (3) individuals shall score each Application deemed compliant with these regulations. The panel shall use the Applicant’s responses to general criteria and Project-specific criteria to determine a Project score. The steps for determining the final score are as follows (see Table 4 for an example):
   (1) Calculate the sum of the points received on the general criteria and the points received on the Project-specific criteria. Divide that number by the sum of the total possible points for the general criteria and the total possible points for the Project specific criteria, and
   (2) Convert the result of the calculation to a percentage which is the final score.

(c) Eligible Projects shall be ranked by score. Projects shall be funded in order of score from highest to lowest until available funds are exhausted, taking into account the Project type funding restrictions in Section 4970.15.1(a). If there are not sufficient GO Project funding requests to consume 70% of the available O&M funding category, the other O&M sub-category Projects shall receive funding in order of score.

(d) In the event Projects have the same score, Projects will be funded in the order of request amount starting with the smallest request amount. If more than one Project has the same request amount, the OHMVR Division will utilize a "random selection" method to break ties and determine which Project will receive funding.

(e) Projects at the funding cut-off line may require modifications to the Project Description and Project Cost Estimate to reflect reduced available funding. The modification shall be completed prior to the OHMVR Division preparing and executing the Project Agreement.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.
4970.15.2. Restoration
(a) A panel of not less than three (3) individuals shall score Applications deemed compliant with these regulations. The panel shall use the Applicant’s responses to general criteria and Project-specific criteria to determine a Project score. The steps for determining the final score are as follows (see Table 5 for an example):
1. Calculate the sum of the points received on the general criteria and the points received on the Project-specific criteria. Divide that number by the sum of the total possible points for the general criteria and the total possible points for the Project specific criteria, and
2. Convert the result of the calculation to a percentage which is the final score.

(b) Eligible Projects shall be ranked by score. Projects shall be funded in order of score from highest to lowest until available funds are exhausted.

(c) In the event Projects have the same score, Projects will be funded in the order of request amount starting with the smallest request amount. If more than one Project has the same request amount, the OHMVR Division will utilize a "random selection" method to break ties and determine which Project will receive funding.

(d) Projects at the funding cut-off line may require modifications to the Project Description and Project Cost Estimate to reflect reduced available funding. The modification shall be completed prior to the OHMVR Division preparing and executing the Project Agreement.

(e) The OHMVR Division will consult with staff from the Wildlife Conservation Board during the evaluation and scoring process.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.15.3. Law Enforcement
(a) Law enforcement Grants funding shall be distributed in the following entity categories:
1. Forty percent (40%) for local law enforcement,
2. Thirty percent (30%) for U.S. Bureau of Land Management, and
3. Thirty percent (30%) for Patrol Districts of the U.S. Forest Service.

(b) Law enforcement Projects are awarded on a non-competitive basis. The relative need of an Applicant is established by the Project request amount identified on
the Project Cost Estimate and the Applicant’s responses to the Law Enforcement Needs Assessment. The OHMVR Division shall review the Project request amounts and may, at its sole discretion, increase or decrease the requested amount based on the following conditions:

1. Failure to follow program regulations,
2. The Applicant has remaining funds from previous OHV law enforcement Grants,
3. Comparisons with similar jurisdictions,
4. Law Enforcement Needs Assessment, and
5. Applicant’s historical law enforcement Grant request amounts.

(c) All compliant law enforcement Applicants will receive base funding in the amount of $10,000 per Application. The remaining funds in each entity category will be distributed on a proportional basis. The proportional funding is determined by dividing the total funding available within the entity category (less base funding) by the total request amounts within each entity category (less base funding). The resulting percentage is applied to the individual Project request amounts (less base funding) to determine the additional award amount. The total of the base award and additional award, if applicable, is the final Project award amount.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.15.4. Education and Safety
(a) A panel of not less than three (3) individuals shall score each Application deemed compliant with these regulations. The panel shall use the Applicant’s responses to the Project-specific criteria to determine a Project score.
(b) Eligible Projects shall be ranked by score. Projects shall be funded in order of score from highest to lowest until available funds are exhausted.
(c) In the event Projects have the same score, Projects will be funded in the order of request amount starting with the smallest request amount. If more than one Project has the same request amount, the OHMVR Division will utilize a “random selection” method to break ties and determine which Project will receive funding.
(d) Projects at the funding cut-off line may require modifications to the Project Description and Project Cost Estimate to reflect reduced available funding. The modification shall be completed prior to the OHMVR Division preparing and executing the Project Agreement.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.16. NOTICE OF INTENT TO AWARD
Upon completion of the evaluation and scoring process, the OHMVR Division shall post a notice of Intent to Award on the Division Website pursuant to Table 2 in Section 4970.04.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
4970.17. APPEAL PROCESS

(a) Applicants have the right to appeal the Intent to Award. The grounds for appeal are limited to the following:
   (1) The OHMVR Division failed to follow these regulations, and/or
   (2) The OHMVR Division lacked sufficient evidence to support or deny the award of a Grant(s).

(b) The steps for submitting an appeal are outlined in Table 6.

(c) Applicants may not seek legal remedies through the courts until this appeal process has been completed.

(d) The receipt of an appeal by the OHMVR Division may delay the execution of Project Agreements within all project categories until the appeal is resolved.

ARTICLE 4 – PROJECT ADMINISTRATION PROCEDURES

4970.19. PROJECT AGREEMENT
(a) Upon approval of Projects by the Director of the Department of Parks and Recreation, the OHMVR Division shall prepare and execute the Project Agreement with the Grantee. The Project Agreement sets forth the terms and conditions of the Project. With consent of the OHMVR Division and the Grantee, Project Agreements may be amended as necessary, to comply with law.
(b) The Grantee may not submit claims for reimbursement or for advance payments until a fully executed Project Agreement is on file.
(c) Project Agreements may not be executed for Grantees that have refunds due to the State from previous Grant Project(s).
(d) Project Agreements will not be executed for Grantees that are delinquent in closing out previous Projects pursuant to Section 4970.24.
(e) With consent of the OHMVR Division and the Grantee, the Project Agreement may be executed using electronic signatures permissible under the Uniform Electronic Transactions Act (Civil Code section 1633.1, et seq.).

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.19.1. Project Performance Period
(a) The Project performance period is the time between the start date and the end date in which the work under the Project Agreement shall be completed. The Grantee shall not charge expenditures prior to the start date or subsequent to the end date. The start date shall be no later than January 1 of the year following the year of the Intent to Award posting, except for Projects identified as needing additional documentation or information to complete CEQA requirements.
(b) The Project performance period shall be as follows:
   (1) Three (3) years for acquisition, Development, planning, and Restoration Projects, and
   (2) One (1) year for GO, law enforcement, and Education and safety Projects.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code. Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.19.2. Project Amendments
An amendment is required if a modification to the Project Description or extension of the Project performance period (time extension) is needed to accomplish the intent of the original Project Agreement. Time extensions for programmatic Project Agreements (e.g., GO, law enforcement, and Education and safety) may be denied. Requests may be approved when circumstances exist beyond the Grantee’s control that would otherwise result in the Project not being completed.

(a) Modifications to the Project Description may include but are not limited to:
   (1) Different techniques are employed to achieve the original outcome, and
   (2) Acquisition of a different type of equipment.

(b) Reasons for time extensions may include but are not limited to:
   (1) Fires,
   (2) Earthquakes, and
   (3) Floods.

(c) Grantees requesting a Project amendment shall submit to the OHMVR Division in writing the following:
   (1) An explanation of the reasons/circumstances that justify the change,
   (2) A description of the potential implications if the amendment is not approved,
   (3) A progress/status report of the Project to date, and
   (4) If the Amendment requires an extension of the Project performance period, specification of the length of additional time required to complete the Project.

(d) A written request shall be submitted to the OHMVR Division at least thirty (30) calendar days prior to the end date specified in the Project Agreement.

(e) Unspent funds that remain at the end of the Project performance period are not in themselves sufficient justification for time extensions.

(f) The OHMVR Division shall review the requested amendment and make a determination for approval/disapproval. If the amendment is disapproved, the OHMVR Division will provide written notification to the Grantee with an explanation why the request was denied. If the amendment is approved, the OHMVR Division will process an amendment to the Project Agreement specifying modifications and the revised Project performance period (if applicable). The amendment becomes effective when the OHMVR Division returns the executed amendment to the Project Agreement to the Grantee. The OHMVR Division and the Grantee shall retain copies of the amendment to the Project Agreement on file.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.19.3. Project Withdrawal

(a) An Applicant or Grantee may at any time unilaterally cancel or withdraw an approved Project by written notification to the OHMVR Division.

(b) If the Project work has not commenced and the Grantee received advanced funds for the cancelled Project, the Grantee shall return the advanced funds plus accrued interest to the State.

(c) If the Grantee has commenced the Project, eligible costs will be allowed to the date the Grantee ceases work on the Project. The cost of goods purchased on a reimbursement basis, but not consumed for the Project as of the date of work closure, will be returned.
cessation, shall not be reimbursed, or shall be returned if advance payment was made. The Project shall be subject to all record keeping and Audit requirements contained in these regulations.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.19.4. Project Breach-Termination
Failure of a Grantee to comply with the terms and conditions of the Project Agreement may be treated by the OHMVR Division as a breach of contract. If the OHMVR Division determines there is a breach of the Project Agreement, the OHMVR Division shall give the Grantee written notification that the Grantee has thirty (30) calendar days to cure the breach. If the Grantee does not cure the breach or commence actions to cure the breach within thirty (30) calendar days or show diligent progress to cure the breach, the OHMVR Division may terminate the Project Agreement and void the OHMVR Division’s obligations. If the OHMVR Division determines breach was due to no fault of the Grantee, the OHMVR Division may waive reimbursement of funds paid or advanced or make payment for any work performed up to the date of termination. In the event of a breach that the OHMVR Division waives, such waiver shall not serve to excuse the future performance of the breached term that was waived or performance of any other term of the Project Agreement. The Project shall remain subject to all record keeping and Audit requirements contained in these regulations.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.19.5. Failure to Perform
If a Grantee does not complete a Project within the Project performance period specified in the Project Agreement, the Grantee shall:
(a) Provide written notification to the OHMVR Division describing the issues, reasons, or problems that prevent the Grantee from completing the Project and return any remaining OHV Trust Funds, or
(b) Request an amendment pursuant to Section 4970.19.2.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.

4970.19.6. Financial Responsibilities
The acceptance of a Project Agreement creates a legal duty on the part of the Grantee’s organization to use the funds made available in accordance with the terms and conditions of the Grant.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.
Reference: Sections 5090.32 and 5090.50, Public Resources Code.
4970.20. Equipment Management Requirements

(a) Equipment shall be used for OHV related purposes unless the Grantee is funding the portion of the purchase price not dedicated to OHV purposes,

(b) Grantees shall keep Equipment purchased with OHV Trust Funds stored securely and maintained in safe working order,

(c) Equipment shall display an approved version of the OHMVR Division "OHV Trust Funds at Work" insignia. Grantees may obtain insignias free of charge from the OHMVR Division,

(d) Equipment that is no longer in useable condition may be used as a trade-in for replacement Equipment to be used for OHV purposes,

(e) Surplus Equipment may be transferred or traded within the agency, giving preference to those areas that provide OHV Opportunities or disposed of via the agency's standard equipment disposition procedures, and

(f) Ownership and title belongs to the Grantee.

A registered civil or structural engineer or a licensed architect shall sign plans for structural items. Prior to the start of the Project, the OHMVR Division may choose to review plans, specifications, and bid documents for each component of the Project.

(b) The Grantee shall follow all laws that pertain to public works projects, including the Americans with Disabilities Act and Title 24 Disability Codes (for local agencies), prevailing wages, and local health and safety requirements. For all sub-contracted work, a Notice of Completion is required.

Note: Authority cited: Sections 5001.5 and 5003, Public Resources Code.

4970.22. Accounting Practices

(a) Record Keeping
Grantees are responsible for maintaining fiscal controls and fund accounting procedures based on Generally Accepted Accounting Principles approved by the AICPA, the Securities and Exchange Commission, the Financial Accounting Standards Board, and the American Accounting Association. Bill of Sale, Bill of Lading, or Collection Agreements are some examples of proof that materials or Equipment was received. Invoices are also considered valid proof that materials or Equipment was received. Purchase orders are not considered valid proof that materials or Equipment have been received.

(b) Labor Costs
The Grantee shall document all labor, including all force account, match and volunteer time, on time sheets, or reports produced by an electronic timekeeping system.

(c) Equipment Use
Costs associated with Equipment used for a Project will be paid on a use basis in accordance with the Applicant’s local fair market rental rates, but shall never exceed the Grantee’s actual cost. The Grantee may not charge a use fee for vehicles or Equipment purchased with OHV Trust Funds, except for fuel and minor maintenance costs. A logbook or source document shall identify the operator, work performed, and hours or miles charged to the Project.

(d) Record Retention
The Grantee shall retain all financial accounts, documents, and records pertinent to the Project:
