Carnegie SVRA offers various off-highway opportunities including roads, trails, and hill climbs for motorcyclists and ATV riders. This area is located at the eastern end of the park, these two tracks provide practice areas for young people (under age 14) and, when necessary, conservation practices and habitat protection protocols are being met. Through this monitoring program changes can be tracked and, when necessary, corrective actions can be implemented. On certain trails or areas may be temporarily closed off permanently closed in an effort to protect wildlife and their habitats.

Carnegie has an active California Archeological Site Stewardship Program (CASSP). This program trains volunteers to work with professional archeologists to protect the archaeological and historical resources by removing artifacts. If you find an artifact, please leave it in place and report it to park staff. It is important that the archeological features remain undisturbed. Removal of any artifact rests outside of the history of Carnegie and is prohibited.

Rider Responsibilities

Be Prepared!

OHV recreation is a great way to connect to the outdoors. To ensure you have an enjoyable experience, please be prepared for the unexpected.

Drive and Ride Safely

Use proper equipment:

When operating an OHV, the proper protective gear should be used at all times. All operators should thoroughly acquaint themselves with their vehicle before starting out. Take a training course:

All operators of an OHV should take part in a safety training course.

Drive and ride within your limits:

Minimize the chance of injury and make a fun-filled experience. Take time to evaluate the situation and consider options. Do not attempt to exceed your abilities. Operate your vehicle intelligently, and treat others with courtesy.

Motorcycle and ATV Tracks

Tracks for dirt bikes and ATVs are available on the valley floor.

Motocross Track:

This popular track is open to motorcyclists only. Organized competitive events are held on weekends causing periodic closures to the public. (925) 447-9027 for a schedule of upcoming events.

ATV/Motorcycle Track:

Open to both ATVs and motorcycles.

Beginner Riding Area:

This area is located at the base of the Hillclimb Event Area. It is an open, speed restricted, flat area set aside for beginning riders both young and old.

Kids Track:

Located in the eastern end of the park, these two tracks provide practice areas for young people (under age 14) operating smaller motorcycles and ATVs to practice and improve their riding skills.

- 70cc Track: This track is limited to motorcycles and ATVs 70cc and under.

- 110cc Track: This track is limited to motorcycles and ATVs 110cc and under.

Trials Area:

Trials riders have a designated area where they can practice their skills and control techniques on a variety of obstacles. This area can only be accessed through the special event parking lot.

Motorcyle and ATV tracks are located on the valley floor and are open to both motorcycles and ATVs 70cc and under.

State Vehicular Recreation Area Carnegie

16000 West Coral Hollow Road • Tracy, CA 95376 • (925) 447-9027

Welcome to Carnegie State Vehicular Recreation Area (SVRA) located in the coastal hills of eastern Alameda and western San Joaquin counties. Carnegie SVRA offers more than 3,100 acres of off-highway vehicle (OHV) recreation opportunities. The landscape at this SVRA is characterized by rolling hills and steep, rugged canyons with outstanding opportunities for hillclimbs and many scenic vistas. Park elevations range from 650 to 1,750 feet above sea level. The climate is Mediterranean with cool, wet winters and hot, dry summers.

You are responsible for knowing park rules and regulations. All provisions of the California Vehicle Code are enforced. A copy may be found at: leginfo.legislature.ca.gov/faces/codes.xhtml. If you have questions, please contact the park staff or call (925) 447-9027.

The term OHV means off-highway vehicle. Any motor vehicle operated off-highway is an OHV. A highway licensed vehicle is an OHV when operated off of the highway. Vehicles having green and red stickers are OHVs.

ALCOHOL: Open container and DUI laws apply off-highway just as they do on-highway. Don't drink and drive.

ATV LAWS: There are laws which apply specifically to the operation of ATVs only. (For more information please see reverse page.)

DOGS: Dogs must be kept on a leash at all times. Please pick up after your dog.

NOISE EMISSIONS: The law limits noise emissions from all OHVs. Noise emissions for most OHVs are limited to not more than 96 dBA when measured from a distance of 20 inches using standardized test procedures. Free sound testing is available at the ranger station. For more specific information, go to www.ohv.parks.ca.gov/noise_emissions.

REACH AND OPERATE ALL CONTROLS: All operators of off-highway vehicles must be able to reach and operate all controls.

REGISTRATION: When operating an OHV, you must display either a license plate on an OHV or a OHV sticker. OHV stickers include "Green Stickers," "Red Stickers," "California Nonresident OHV Use Permits," and OHV stickers from states that have an OHV program.

RED STICKER RIDING SEASON: Red stickers are allowed to operate in the SVRA from October 1st - April 30th only. These dates are established by the California Air Resources Board (CARB) and are subject to change. Please call the park for updated information.

SPEED: Please follow posted speed limits throughout the park. In camping and developed areas, keep speeds to 15 mph or less. Never drive faster than is safe for conditions.

SPARK ARRESTERS: All vehicles operating off-highway must be equipped with either a street legal muffler or a spark arrester-qualified and rated by the United States Forest Service and maintained in effective working order.

SUSPENDED OR REVOKED LICENSE: Anyone whose driving privileges have been suspended or revoked is prohibited from operating any motor vehicle, on- or off-highway.

VEGETATION: It is illegal to run over vegetation.

Locations of features are representations. Actual locations of some features may vary over time as a result of weather, maintenance, and other factors. Observe all signage, and use appropriate caution when traveling through the park.
